

# IMPORTANT: gel rebranding

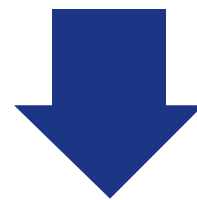

**Dear Clinician,**

Effective October 1st

Vitaflo's gel product range will be changing from its current design into a new look!

In addition to a fresh new look, there will be the following important changes:

- ✓ **Increase in packet size from 20g to 24g packet presentation.**
- ✓ **Increase in protein equivalent from 8.4g to 10g per packet.**
- ✓ **Improved Vitamin D levels to meet DRI guidelines**
- ✓ **New streamline, easy to open and pour style packet.**
- ✓ **New NDC numbers as below**
