

DESCRIPTION

A low protein chocolate flavored bar

INTENDED FOR USE UNDER MEDICAL SUPERVISION

INDICATIONS

For the dietary management of conditions requiring a protein restricted diet.
Suitable from 1 year of age.

DOSAGE AND ADMINISTRATION

To be determined by the clinician or dietitian and is dependent on the age, body weight, and medical condition of the patient.

PREPARATION GUIDELINES

Vitabite is versatile product that can be easily incorporated into the diet in a variety of ways.

Serving suggestions and recipes for Vitabite are available on request.

SERVING SUGGESTIONS

Melting Vitabite couldn't be easier – Break up into a bowl, then either microwave or place over a pan of boiling water (carefully!) and stir until melted.

Vitabite shapes – Pour into different moulds, refrigerate for 1 hour and turn out when set.

Vitabite crispy cakes – Mix with permitted amount of cereal, spoon into cupcake baking cups and leave to cool.

Vitabite buttons – Using a teaspoon, drip small drops onto a nonstick tray and leave to set in the refrigerator.

Vitabite cookies – Coat or use as a filling for permitted cookies and cakes, leave in a cool place until set.

Vitabite fruits – Coat small pieces of fresh fruit and make a special dessert.

Vitabite Popsicle – Great for sunny days. Simply dip the permitted Popsicle into the melted Vitabite to coat and then keep in the freezer for a treat.

Vitabite can also be grated and used to decorate low protein desserts or cakes. For the best results refrigerate the Vitabite before grating.

STORAGE

Store in a cool dry place.

PACK SIZE

7 x 25 g (0.88 oz) bars

NET WT.

175 g (6.1 oz)

IMPORTANT NOTICE

Intended for use under medical supervision.
Not for intravenous use. For enteral use only.
Not for use as a sole source of nutrition.
