

sphere²⁰ liquid

DESCRIPTION

Ready-to-drink low Phenylalanine Medical Food

A blend of whey protein isolate (glycomacropeptide – GMP), essential and non-essential amino acids, carbohydrate, fat (including docosahexaenoic acid – DHA), vitamins and minerals.

USE UNDER MEDICAL SUPERVISION

INDICATIONS

For use in the dietary management of Phenylketonuria (PKU) from 1 year of age.

DOSAGE AND ADMINISTRATION

To be determined by the clinician or dietitian and is dependent on the age, body weight, and medical condition of the patient.

Each 8 fl oz (237 ml) bottle of PKU sphere20 liquid provides 20 g of Protein Equivalent and contains 36 mg of phenylalanine.

PREPARATION GUIDELINES

Shake vigorously before use. If desired, refrigerate before use.

STORAGE

Store in a cool dry place or refrigerate before use if desired.

The product should be consumed immediately after opening. However, if this is not possible, seal cap and consume within 4 hours at room temperature or within 24 hours if refrigerated. Re-shake well before use to avoid separation.

PACK SIZE

18 x 237 ml (8 fl oz) bottles

NET

4.26 L (144 fl oz) (1.12 gal)

Available in Vanilla flavor.

IMPORTANT NOTICE

Must only be consumed by people with proven Phenylketonuria (PKU) under strict medical supervision.

Diet must be supplemented with natural protein, water, and other nutrients in prescribed quantities to supply phenylalanine, fluid, and general nutrition requirements.

Not for intravenous use.

For enteral use only.

Not for use as a sole source of nutrition.
