

Methionine100™

DESCRIPTION

A powdered Methionine amino acid medical food on a carbohydrate base.

USE UNDER MEDICAL SUPERVISION

INDICATIONS

Methionine100 is for use in the dietary management of inborn errors of metabolism such as Cobalamin Disorders, to provide specific amounts of Methionine unable to be achieved by dietary modification alone. Suitable from 1 year of age.

DOSAGE AND ADMINISTRATION

To be determined by the clinician or dietitian and is dependent on the age, body weight, and medical condition of the patient.

Each 4 g packet of Methionine100 provides 100 mg of Methionine.

PREPARATION GUIDELINES

To be determined by the clinician or dietitian.

STORAGE

Store in a cool dry place.

Packets are designed for single use and should be used once opened.

PACK SIZE

30 x 4 g (0.14 oz) packets

NET WT.

120 g (4.2 oz)

IMPORTANT NOTICE

Must only be used under strict medical supervision.

Not for intravenous use.

For enteral use only.

Not for use as a sole source of nutrition.
