

# Tyrosine1000

## DESCRIPTION

A powdered Tyrosine amino acid medical food on a carbohydrate base.

## USE UNDER MEDICAL SUPERVISION

## INDICATIONS

**Tyrosine1000 is for use in the dietary management of inherited metabolic diseases such as Phenylketonuria, to provide specific amounts of Tyrosine unable to be achieved by dietary modification alone. Suitable from 3 years of age.**

## DOSAGE AND ADMINISTRATION

To be determined by the clinician or dietitian and is dependent on the age, body weight, and medical condition of the patient.

Each 4 g packet of Tyrosine1000 provides 1000 mg of Tyrosine.

## PREPARATION GUIDELINES

1. Measure out 50 ml of water into a cup with a lid.
2. Add one packet of Tyrosine1000.
3. Shake vigorously for 30 seconds.
4. Product is now ready to serve. If left to stand, shake again before serving.

## IMPORTANT NOTICE

Must only be used under strict medical supervision.  
Not for intravenous use.  
For enteral use only.  
Not for use as a sole source of nutrition.

## STORAGE

Store in a cool dry place.  
Packets are designed for single use and should be used immediately once opened. Any unused powder in a packet must be tightly sealed and used within 24 hours.

## PACK SIZE

30 x 4 g (0.14 oz) packets

## NET WT.

120 g (4.2 oz)
