

DESCRIPTION

Powdered Methionine-free Medical Food

A blend of essential and non-essential amino acids, carbohydrate, vitamins and minerals.

USE UNDER MEDICAL SUPERVISION

INDICATIONS

For use in the dietary management of Homocystinuria (HCU) from 1 year of age.

DOSAGE AND ADMINISTRATION

To be determined by the clinician or dietitian and is dependent on the age, body weight, and medical condition of the patient.

Each 24 g packet of HCU gel provides
10 g of protein equivalent.

PREPARATION GUIDELINES

HCU gel can be prepared as a semi-solid spoonable consistency or as a low volume drink.

For a semi-solid consistency:

1. Add 30 ml (1 fl oz) of cold water into a small container with a lid.
2. Empty the contents of the packet into the container.
3. Secure the lid and shake well for 10 seconds.
4. Leave to stand for 2 minutes, allowing a smooth semi-solid consistency to form. Consume with a spoon.

For drink:

1. Add approximately 80 ml (approx 3 fl oz) of cold water or other permitted beverage into a container with a lid.
2. Empty the contents of the packet into the container.
3. Secure the lid and shake well until powder dissolves.
4. Drink immediately.

IMPORTANT: Water or permitted drinks should be taken after product consumption.

The product should be prepared immediately prior to feeding and any remaining product must be discarded if not used within 1 hour.

IMPORTANT NOTICE

Must only be consumed by people with proven HCU under strict medical supervision.

Diet must be supplemented with natural protein, water, and other nutrients in prescribed quantities to supply methionine, fluid, and general nutrition requirements.

Not for intravenous use. For enteral use only. Not for use as a sole source of nutrition.

STORAGE

Store in a cool dry place. Packets are designed for single use. The product should be freshly prepared and consumed immediately.

PACK SIZE

30 x 24 g (0.84 oz) packets

NET WT.

720 g (25.3 oz) (1.58 lb)

Available in Unflavored.
