

Creatine5000

DESCRIPTION

A powdered creatine amino acid medical food on a carbohydrate base.

USE UNDER MEDICAL SUPERVISION

INDICATIONS

Creatine5000 is for use in the dietary management of inborn errors of metabolism such as GAMT deficiency and other disorders of creatine synthesis, to provide specific amounts of creatine unable to be achieved by dietary modification alone. Suitable from 3 years of age.

DOSAGE AND ADMINISTRATION

To be determined by the clinician or dietitian and is dependent on the age, body weight, and medical condition of the patient.

Each 6 g packet of Creatine5000 provides 5000 mg of Creatine.

PREPARATION GUIDELINES

1. Measure out 2 fl oz (60 ml) of water into a cup with a lid.
2. Add one packet.
3. Shake vigorously for 30 seconds.
4. Product is now ready to serve.
If left to stand, re-shake before serving.

STORAGE

Store in a cool dry place.

Packets are designed for single use and should be used once opened.

IMPORTANT NOTICE

Must only be used under strict medical supervision.

Not for intravenous use.

For enteral use only (oral and tube feeding).

Not for use as a sole source of nutrition.
